

ARKOS BLITZ 500 4-stroke Motorcycle Oil

ARKOS BLITZ 500 is a high quality multi-grade four stroke motorcycle engine oil with excellent high temperature and clutch performance characteristics. The oil eliminates clutch slippage completely due to its selected additive package. The special formulation protects the engine, clutch and the transmission. **Arkos Blitz 500** is recommended for lubrication of all modern four stroke motorcycle engines.

Benefits

- Ensures perfect lubrication of engine, transmission and wet clutch
- Ensures maximum power output
- Minimizes the formation of lacquer and varnish, as well as other deposits
- Resistant to deterioration especially that is caused by prolonged high-temperature operation
- Provides superior oxidation stability
- Excellent wear protection of the engine at high temperatures and severe operating conditions
- Optimised friction to avoid clutch slippage

Applications

Recommended for lubrication of all, modern motorcycle engines.

Performance Specifications

ARKOS BLITZ 500 20W-50 is API licensed for **API SL** Specification

ARKOS BLITZ 500 also meets the requirements of **JASO MA2** specification

Characteristics (Typical Values)

ARKOS BLITZ 500 20W-50		
TEST PARAMETERS	METHOD	TYPICAL VALUES
Viscosity at 100°C	mm ² /s	16.0
Viscosity Index	-	124
Flash Point COC	°C	234
Pour Point	°C	- 21
Density @29.5 °C	gm/cc	0.873

Note: Always consult your owner's manual to check for recommended viscosity grade and specifications of oil for your particular vehicle/machine/equipment.
