

FOR THE **ROAD** AHEAD

ARKOS SLIK MP2

Grease

ARKOS SLIK MP2 is a lithium soap-based grease formulated to provide outstanding mechanical stability. It is a multipurpose grease developed for use in variety of operations. ARKOS SLIK MP has right amount of tackiness to ensure that the grease stays put on surfaces there by maintaining good lubrication throughout the service period.

Benefits

- High Drop Point.
- Good thermal stability.
- High oxidation stability.
- Protection against Rust and Corrosion.
- Excellent water resistance properties.

Applications

ARKOS SLIK MP2 is designed and produced for general automotive lubrication e.g. wheel hubs, bearings, water pumps, generators, starter motors, chassis etc.

Recommended for all classes of service in automotive lubrication. Also, can be used for Industrial applications where multi-purpose grease meeting NLGI 2 consistency is recommended.

Performance Specifications

ARKOS SLIK MP2 meets the requirements of the following specifications

- IS 12203: 1987 (Re-affirmed 1993)

Characteristics (Typical Values)

TEST PARAMETERS	TYPICAL VALUES
NLGI grade	3
Colour	Brown
Structure	Smooth
Soap	Lithium

FOR THE ROAD AHEAD

Penetration @ 25°C, 60 strokes	265 - 295
Drop point, °C min	180
Rust Test ASTM D-1743	Pass

Note: Always consult your owner's manual to check for recommended viscosity grade and specifications of oil for your vehicle/machine/equipment.
